Piedmont Classic Chevy Club

From the President:

Hey All,

Thanks to everyone for their help in making our car show another successful event, not only the day of the show, but also for all the work done leading up to the show. Now, we get to decide the charities to which we will donate money. Everyone needs to be thinking of their favorite charity so we can have the vote in the upcoming months

Is anyone interested in driving their classic for weddings/receptions? We get several requests from people asking for this and I send out emails, but I rarely hear from anybody. We currently have requests for June 28 and September 20. I know it depends on what else is going on that day, but if we had a list of folks who would consider doing it, it would make it easier to respond to the requests. It is also a way to make some money for the club!

Hope to see you at the Cruise-Ins this summer!

Another great Car Show!

PCCC Member List

Our club now has a new member list that has recently replaced the club 'Pocket Guide.' Rather than be published once or twice a year like in the past, this list can be updated at anytime and distributed to club members. As our club receives new members, their information can be added and distributed to all club members. If club members move, change phone numbers, get married, and/or purchase additional classic cars, this data can be added anytime. Club member Jeff Hopp has volunteered to maintain the PCCC Member List. He is in the process of updating the list with the latest information. There is a lot of data that is still required, so please send Jeff your updates or corrections to names, addresses, phone numbers, email addresses, cars you own and the year you joined the club. It will be best if addresses, phone numbers and email addresses are accurate so you can be contacted about upcoming club events and activities. The PCCC Member List will be sent out by email once per month and will be distributed at the monthly club meetings to members who do not have PC's. Please feel free to contact Jeff with updates anytime.
